PowerBI Analyst

CAREER OBJECTIVE

Enthusiastic and detail-oriented Power BI learner seeking an entry-level role as a Power BI Analyst. Leveraging foundational skills in data visualization and analysis, I aim to contribute to dynamic teams by transforming data into actionable insights. Eager to apply my Power BI expertise to support informed decision-making and contribute to organizational success.

EXPERIENCE

Power BI

Data Visualization:

Demonstrated proficiency in creating visually compelling reports and dashboards in Power BI, effectively communicating complex data insights to non-technical stakeholders.

Querying and Data Modeling:

Utilized Power BI's query editor and data modeling capabilities to extract, transform, and load data, ensuring accuracy and relevance for analytical purposes.

Data Cleaning and Transformation:

Successfully cleaned and transformed raw data from various sources into a usable format within Power BI, showcasing the ability to handle and process diverse datasets.
